Requirements: Stardew Valley 1.5+ Content Patcher 1.23.0+ SMAPI 3.12.6+ Note this mod overwrites a few strings in Canon Friendly Dialogue Expansion. Recommended Emy's Pride March by gwenynnefydd (me!) - adds a Pride event to Summer 1. This mod refers to character's getting ready for pride, but you'll need this mod if you want the actual event. Diverse Stardew Valley - this adds diversity to Stardew Valley, and has options to add sprites to support trans Sam and trans Penny dialogue. Install just drag and drop into your mod folder. Config Options When you first start the game, CP will autogenerate a config for you. Alex references queer sports people in Adds more than 170 dialogue sequences queer to the game, and corrects some dialogue sequences to be friendly to the queer. It adds some not specific dialogues of identity, as characters doing reference to pride and watching the Queer movies. Some references are more obscure than others. DemA © Trio makes specific reference to Queer scientists, while Elliott queer poets. It adds rudely 4-5 queer-friendly dialogue lines to all characters except Krobus, Dwarf and Characters Ginger Island, gives a few characters private queer identities and supports Headcanons queer or trans in the Stardew universe. These are quite self-explanatory, however you can choose to include, and to delete. Some characters refer to the identities of others; However, if you disable the reluctance alternate, these strings will also be removed. This mod features 26 new locations, 158 new character events, 12 new NPCs, a new village, 800 local messages, maps and re-made festivals, a new world map reflecting all changes and many other additives! Other characters comment on him to have seen a man during the summer. à € esbiansandýá € à € à € aPoles Dialogue SBICO to Sandy à € aPolyEvetyGeorges € à € aPluses a line referencing an old poly partner à € aGenderNonconFiningVincentà € à € "Add GNC dialogue Vincent Page 2 stardew valley expanded à € "English stardew valley expanded à € à € à € a0 Requires à € aTrasse à € aTrueà € à € a0Transpennýá € à € aPods trans dialogue to Penny à € aBipennýá € à € a0lt add bi dialogue to maru.
